WELCOME

Welcome to our online bull sale!

Last year was a new experience selling bulls this way but was very effective. I want to thank everybody for the input on the sale layout. I really appreciate the positive comments regarding how it all worked last year! This year we will be doing the same, a timed online sale. All the lots will remain open until the bidding closes and all lots will then close at the same time. If you are not comfortable with the online bidding process, you can contact myself or Vern Frey to handle your purchases. If you have any questions regarding the cattle or the sale format, don't hesitate to ask.

The bulls were developed with their futures in mind. They've been on a 46-mcal ration that consists of a Hubbard feed pellet, chopped alfalfa and millet hay as well as corn silage. No additional corn is added other than the silage. We feel that's enough energy to express their genetic potential without having to push them.

The bulls were given Alpha 7 and Naselgen 3 in the spring. In the fall they were given two rounds of One Shot Ultra 7, and Vision 7 Somnus w/ Spur. They were wormed with Safeguard. Poured with Cleanup II, Ultra Saber and Ivomec. We had some issues knocking out lice, but finally got them cleaned up. You will notice they had been rubbing, but have not been neglected.

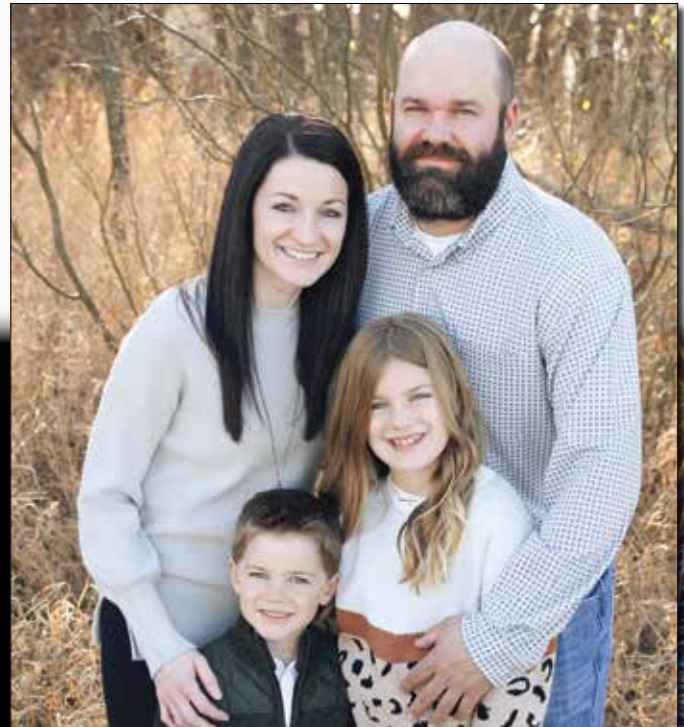

This truly has been one of the most fun sets of bulls I've ever been able to watch develop. The quality throughout the offering is as good as we've had! The guarantee remains the same as years past. They're guaranteed to be breeders. If a problem should arise, let me know immediately and we will handle it to the best of our ability. Customer satisfaction is a priority.

The quality of the cow herd is something I'm very proud of. We cull HARD. If the cow doesn't cut it, she's gone. Whether it's productivity, fertility, disposition, mothering ability, feet, you name it. If there's something I don't like, they're gone. Quality is the priority. I want sound, functional, performance cattle that have shape, that have look. The important traits during visual appraisal, not things quantified on paper.

Phenotype and muscle shape seem to be often overlooked in the Angus business making way for an arms race in the name of top 1% EPDs. You won't find that here. I enjoy evaluating cattle, not paperwork. I've never heard a sale barn auctioneer mention EPDs when a set of steers came through the ring.

We would like to thank everyone for their past support and look forward to working with new customers. We strongly encourage everyone to come look through the bulls prior to the sale. I'd love to show you around and it gives me a chance to visit with you about your needs.

Troy and Jeri Carter

DV Auction Office..... 402-316-5460

GENOMIC ENHANCED EPD

Genomic Enhanced EPDs will be available prior to sale. Supplement sheet will be available prior to sale through DVAuction or call and ask we will be happy to provide one.

VIDEOS

Videos of bulls selling will be available for viewing through DVAuction. See page 2 for bidding details.

SEMEN INTEREST

Retain the right to 1/3 semen interest on any bull selling.

WINTERING AND DELIVERY

Free wintering on bulls until fertility testing which typically occurs early April. Free delivery 400 miles in the U.S.

INSPECTION OF CATTLE

Buyers are encouraged to view the sale offering prior to the sale at their convenience. Available for viewing at any time. The bulls are located 3.5 miles south of Rocklake, and 1.25 miles east.

GUARANTEE

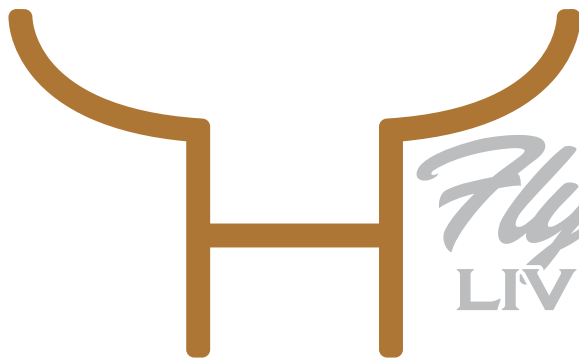

The bulls are fully guaranteed through the first breeding season. If there is a problem with an injury or infertility prior to delivery it is our problem and not yours. Mortality insurance is recommended. Contact us if you would like to purchase insurance and we will take care of it for you as well as share the cost.

HERD HEALTH

Cattle will be provided with proper health certificates for interstate shipment. Cow herd is tested annually for Johnes.

DVAuction Online Only Auctions

How they work:

This means that bidders will be able to preview the lots online with complete information, including their pedigree, EPDs, and possibly a video, for several days prior to the sale. During that time, bidders can leave a maximum bid, which the system will represent confidentially up to that amount. Bidders can also bid incrementally, as the bid advances prior to the close.

All lots will close at the same time. Bidding will be extended if a bid is placed on any lot near the closing time. Bidding will officially close when there are no bids placed within a 5 minute period of time.

For General Questions Please Contact Our Office:
(402) 316-5460 or support@dvauction.com

Incredible individual. One of the best we have to offer. Big time performance, moderate birth, and excellent phenotype. He has been pretty special since birth. Larger framed bull with a tremendous amount of length. Dam was one of my favorites from the Arrow Crown dispersal sale. He really carries that herd bull presence.
