WELCOME

Welcome to our online bull sale!

This will be a new experience for us this year as we host an online bid off bull sale. All bidding will be online. If you are not familiar with DVAuction and would like to participate in the sale, I would be happy to help. If you are not comfortable with using the computer for bidding you can contact me personally or Vern Frey and we can help you with your purchases. Any questions please don't hesitate to ask.

This is the stoutest set of bulls we've had to offer. Top to bottom this has been a very competitive contemporary group. The depth of quality has been a joy to watch as they have grown. They have been developed on a high roughage ration with their futures in mind.

The bulls are guaranteed to be breeders. If a problem arises, we will handle it. If a bull doesn't pass fertility prior to delivery, you don't own him. Customer satisfaction is a priority.

I'm very proud of the cow herd we have developed. From when the bred heifers come home off grass, they run with the cows the rest of their lives. The cow herd is not pampered. We expect them to forage for as long as possible in the fall. From pasture to corn stalks as long as the weather permits. I believe fertility is the number one indicator of profitability. In addition to fertility, disposition and quality are key factors to our cow herd. Phenotype, udder quality, mothering ability, and production ability are vital to what we expect from our females.

We would like to thank everyone for their past support and look forward to working with new customers. We strongly encourage everyone to come look through the bulls prior to the sale. I'd love to show you around and it gives me a chance to visit with you about your needs.

Troy and Jeri Carter

GENOMIC ENHANCED EPD

Genomic Enhanced EPDs will be available prior to sale. Supplement sheet will be available prior to sale through DVAuction or call and ask we will be happy to provide one.

VIDEOS

Videos of bulls selling will be available for viewing through DVAuction. See page 2 for bidding details.

SEMEN INTEREST

Retain the right to 1/3 semen interest on any bull selling.

WINTERING AND DELIVERY

Free wintering on bulls until fertility testing which typically occurs early April. Free delivery 400 miles in the US.

INSPECTION OF CATTLE

Buyers are encouraged to view the sale offering prior to the sale at their convenience. Available for viewing at any time. The bulls are located 3.5 miles south of Rocklake, and 1.25 miles east.

GUARANTEE

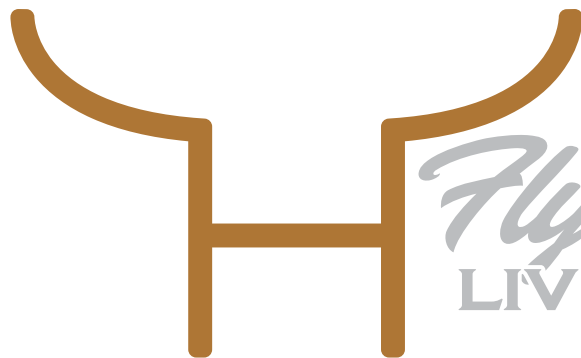

The bulls are fully guaranteed through the first breeding season. If there is a problem with an injury or infertility prior to delivery it is our problem and not yours. Mortality insurance is recommended. Contact us if you would like to purchase insurance and we will take care of it for you as well as share the cost.

HERD HEALTH

Cattle will be provided with proper health certificates for interstate shipment. Cow herd is tested annually for Johnes.

DVAuction Online Only Auctions

How they work:

This means that bidders will be able to preview the lots online with complete information, including their pedigree, EPDs, and possibly a video, for several days prior to the sale. During that time, bidders can leave a maximum bid, which the system will represent confidentially up to that amount. Bidders can also bid incrementally, as the bid advances prior to the close.

All lots will close at the same time. Bidding will be extended if a bid is placed on any lot near the closing time. Bidding will officially close when there are no bids placed within a 5 minute period of time.

For General Questions Please Contact Our Office:
(402) 316-5460 or support@dvauction.com

Big, stretchy son of King Arthur that gained extremely well. His 12-year-old dam has been a herd bull producer her whole life. He's a prime example.

Thick-made Payweight 17 son with added dimension. The 17 daughters we've calved are beautiful females. Couple that with his dam and cow family, I would expect his daughters to be very similar.
